Important Bill Update

This month's bill includes a new line item – the Court resolution surcharge (CRS). This surcharge is used to recover costs associated with the installation of pollution controls on the Four Corners Generating Station and a change in APS's allowable return on equity as required by the Arizona Court of Appeals.

To learn more about this surcharge, how it's calculated and the average impact to your monthly bill, please visit aps.com/adjustors.

If your power is shut off for nonpayment, you will need to pay the past due amount before service will be turned back on.
- We may require a deposit if an account becomes delinquent with two or more bills, or has been disconnected for nonpayment within a 12-month period. Deposits may also be required for customers with a non-residential service plan who do not meet certain financial conditions (as determined by APS using a credit scoring worksheet).

If you're on the Fixed Energy Charge Plan and your average monthly usage increases over time causing you to be moved to a higher tier you can contact us for a one-time waiver to keep your lower tier. See APS contact information above.
